

This class diagram explains the relationship between students, professors and staffs, including public service staff and administration staff.

In the use case diagram below, students and public service staffs can gain access to different places and purchase with the campus card.

This activity diagram shows that to eat in cafeteria, the student have to pay with campus card. If there is not enough money in the campus card, the student have to transfer money into it to finish the whole process.

This sequence diagram shows how to deposit money into the campus card. There is basically two steps: 1. Confirm identity&card and 2. Pay

There maybe errors like: 1. Wrong id/Wrong card number 2. Wrong password 3. Not enough money.
